EDUCATION

Hult International Business School — Cambridge, MA 2023 – 2026

Bachelor of Business Administration, Major in Finance and Business Analytics (STEM) | **Full-Tuition Scholarship** | **3.5 GPA**

Coursework: Financial Forecasting, Corporate Finance, Financial Derivatives, Regression Analysis, Supervised ML, Python & Tableau, Risk Management, Managerial Accounting

Leadership: President, Hult Competition Hub; President, HULT FC; Head of Volunteers, HBS VCPE; Director of Social & Professional Events, Boston Arab Society

WORK EXPERIENCE

AnalytIQ — Cambridge, MA

Founder — Dec 2025 – Present

- Founded and scaled AnalytIQ, an AI-powered analytics learning platform converting static course materials into interactive coding exercises; drove 0-to-V2 product launch across dual professor and student portals, cutting estimated faculty content-prep time by 60%.
- Architected full-stack infrastructure (Flask, Supabase/PostgreSQL, vector search, GenAI orchestration) enabling automated exercise generation, real-time student feedback, and professor-customized course delivery at scale.
- Led product strategy and roadmap prioritization, launching AI-driven content automation that improved learning engagement while eliminating manual instructor workload across university-level analytics courses.

Brunk Industries — Remote

Financial Analyst Intern — May 2025 – Jun 2025

- Reduced manufacturing unit costs by 7% by analyzing SAP-generated budget vs. actual reports to isolate inefficiencies; coordinated cross-functional implementation across finance and operations teams.
- Built revenue forecasts, DCF models, and cost-revenue analyses in Excel and Python to evaluate product line performance and identify high-margin growth opportunities, directly informing AOP and strategic planning decisions.
- Delivered 3 executive presentations supporting strategic expansion across 10+ manufacturing sectors; all 3 proposals approved and implemented with $500K+ in projected incremental revenue impact.

Wafa IMA Assistance — Casablanca, Morocco

Accounting and Finance Intern — May 2024 – Jun 2024

- Processed 50+ financial transactions per week, maintained accounting records, and supported monthly reporting, improving management visibility into departmental spend and budget variance.
- Contributed analysis to budgeting and forecasting for a $300K departmental budget; delivered quarterly projection inputs and participated in special finance projects under senior leadership.

PROJECTS

Investment Proposal Report: Amazon [Excel] [Word]

- Built a DCF (FCFF) valuation model with multi-stage revenue projections, capital structure assumptions, and sensitivity analysis to derive a 12-month AMZN price target and issue a formal BUY recommendation.
- Conducted DuPont ROE decomposition, margin expansion analysis, and competitive benchmarking vs. Microsoft, Alphabet, Meta, Walmart, and Costco; quantified downside risk via bear case modeling across e-commerce, cloud, and advertising.

Financial Planning with Forecasting Models: Walmart [Excel]

- Created dynamic multi-quarter income statement forecasts using Holt-Winters smoothing and time series regression to project revenues and costs; designed an assumptions dashboard supporting scenario planning and executive decision-making.

TECHNICAL SKILLS

Analytics & Tools: Python, SQL, Tableau, Power BI, Power Query, Sigma, Heap, REST APIs, Machine Learning (ML), Workflow Automation

Financial Skills: Financial Forecasting, Financial Modeling, Budgeting, Scenario & Sensitivity Analysis, DCF, WACC, AOP Planning, Financial Reporting

Data Skills: Data Cleaning, Data Analysis, Data Modeling, SQL Query Optimization, Feature Engineering, Data Migration, QA & Validation

Other: PowerPoint, Canva, SAP, Salesforce, AWS, GCP, Cloud Deployment, Application Monitoring
